Naresh Ponugupati

Course : **B.Tech**, Mechanical engineering, 2023

Email I'd : nareshponugupati1648@gmail.com

Mobile : 9505618407

CGPA : 6.82

ACADEMIC DETAILS

COURSE	SPECIALIZATION	INSTITUTE/COLLEGE	BOARD/UNIVERSITY	SCORE	YEAR
UG	Mechanical Engineering	Khammam Institute of Technology and Sciences	JNTUH	6.82 CGPA	2023
DIPLOMA	Mechanical engineering	KLR College of Engineering and Technology		71.3%	2019
CLASS X	Siddhartha High School			8.0 CGPA	2016

CAREER OBJECTIVE	Detail-oriented and motivated Software Engineering Intern with a strong foundation in computer science fundamentals and a passion for learning. Seeking to leverage expertise in programming languages such as Java, C++, and Python, along with knowledge in web development technologies and frameworks, to contribute effectively to Salesforce as a Software Engineer Intern.

TECHNICAL SKILLS	- Devop's - Programming Languages: Java, C++, Python - Web Development: HTML, CSS, JavaScript - Frameworks: React, Angular, Vue.js - Database: SQL, Relational Database Concepts - Computer Science Fundamentals: Object-Oriented Design, Data Structures, Algorithm Development, Problem-Solving, Complexity Analysis
Relevant Coursework	- Computer Science Fundamentals - Object-Oriented Design - Data Structures - Algorithm Development - Problem-Solving - Complexity Analysis - SQL and Relational Database Concepts

INTERNSHIP / WORK EXPERIENCE

- Infosys springboard (PYTHON)

- Salesforce Platform Developer

PROJECTS

1. **AUTOMATING INFRA THROUGH JENKINS**:

   TOOLS: git, github, jenkins, terraform

   DESCRIPTION: this is the first stage for my project, in this project we are going to create infrastructure for our project by automation using the jenkins declarative pipeline.

   NVENTORY MANAGEMENT SYSTEM (Java):

   - Developed a Java-based application to manage inventory records for a small business.

   - Implemented CRUD operations for adding, updating, and deleting inventory items.

   - Utilized object-oriented design principles to ensure scalability and maintainability.

   PERSONAL WEBSITE (HTML, CSS, JavaScript):

   - Designed and developed a personal website using HTML, CSS, and JavaScript.

   - Incorporated responsive design techniques to ensure optimal viewing across various devices.

   - Implemented interactive features such as contact forms and image galleries.

SOFT SKILLS

- Excellent problem-solving abilities with a keen attention to detail
- Strong communication skills, both verbal and written
- Ability to work collaboratively in a team environment and independently
- Adaptability to quickly learn new technologies and methodologies
- Effective time management and organizational skills
- Proven ability to prioritize tasks and meet deadlines under pressure

EXTRA CURRICULAR ACTIVITIES

- Member of the Computer Science Club, actively participating in organizing workshops and seminars related to Linux and open-source technologies
- Volunteer at local tech meetups, assisting with setup and providing technical support during events
- Contributed to open-source projects on GitHub, collaborating with developers worldwide to enhance software functionalities

AWARDS AND RECOGNITIONS

Recognized as "Outstanding Volunteer" for dedication and contributions to the local tech community

HOBBIES

- Cycling: Enjoy exploring nature trails and cycling routes on weekends.
- Photography: Passionate about capturing moments and experimenting with different photographic techniques.
- Cooking: Find joy in experimenting with new recipes and cuisines, often hosting dinner parties for friends and family.

CERTIFICATIONS

Python Certified by Infosys springboard

AWS Devops Certified by Front edutech

Salesforce Certified Platform Develope
